

## To Parents of Wharton ISD Students:

Our parent notification system is called IRIS (Immediate Response Information System). We can use this system to keep parents updated about school events and announcements.

To review your contact email and phone numbers, please visit [www.useiris.com](http://www.useiris.com). Find the IRIS Login area in the bottom right. Contact us if you need any information updated.

Your user name is whartonisd + your student's ID which can be found on progress reports and report cards (ex: whartonisd12345). Your password is your student's 8-digit birthday (ex: for January 25, 1984 enter 01251984).

Phone Number 1: call in an emergency, like your work number (for red alert messages)

Phone Number 2: your cell phone (for orange alert messages)

Phone Number 3: your home phone (for yellow alert messages)

note: The system tries three times to call each phone number, so don't enter the same number in all three spots.

Also, IRIS can contact your email address, and a pager number if you so desire.

When you are finished reviewing, just click Sign Out.

The screenshot shows the IRIS web interface. At the top, there is a blue header with the IRIS logo (USE IRIS) and the text "Immediate Response Information System by TechRadium, Inc.". Below the header, the page title is "Account / Contact Information Edit Form" and there is a "Sign Out" link. The form is divided into two main sections: "Account Information" and "Contact Information".

**Account Information:**

- \*First Name: [text input]
- \*Last Name: [text input]
- Middle Initial: [text input]
- \*Username: [text input]
- New Password: [text input]
- Verify Password: [text input]
- Language: [dropdown menu, selected: English]
- Gender: [dropdown menu]
- Date of Birth: [text input]
- Student/Faculty ID: [text input]
- School: [text input]
- Grade: [text input]

**Contact Information:**

- Phone Number 1: [text input] Ext. [text input] [SMS checkbox]
- Phone Number 2: [text input] Ext. [text input] [SMS checkbox]
- Phone Number 3: [text input] Ext. [text input] [SMS checkbox]
- Email: [text input]
- Second Email: [text input]
- Pager Number: [text input]
- Alphanumeric Pager? [checkbox]
- Address 1: [text input]
