

Student Portal Generic Credentials for STAAR April 5&8 Administrations

Follow these steps to view the *Test Questions* screen in the secure Student Portal:

1. Navigate to the secure Student Portal from the Texas Assessment website at <https://www.TexasAssessment.com>
2. Select and enter a Unique Student Access Code and Date of Birth from the chart below.
3. Click on the Reading or Mathematics link from the student's *Testing History* screen to view the student's Test Results.
4. Click on the *Detailed Results* tab to view the student's item level test results.
5. Click on the *Test Questions* tab to view the student's test questions, response details and rationales.

April 2019 STAAR Grades 5 and 8 Mathematics and Reading

Grade/Language/Subject	Unique Student Access Code	Date of Birth	PEIMS ID (if needed)
Grade 5 – English <i>Includes: Mathematics and Reading</i>	23BTHY	01/01/1982	990003144
Grade 5 – Spanish <i>Includes: Mathematics and Reading</i>	23BGCT	01/01/2001	998003823
Grade 8 – English <i>Includes: Mathematics and Reading</i>	3V6PH5	05/05/2005	990083023

NOTES:

1. Historical data may be available when using one or more of the Unique Student Access codes in the tables above.
2. Except for the Test Items and Rationales, the data shown is mock data and is not valid. It is only for illustration purposes.
3. Districts can access the Teacher and Analytic Portals that contain actual data at the test level. These portals will be updated May 18 with final data from the spring 2019 April 5&8 Math and Reading administration.
