

November

11-15th

What we Are Learning

Reading: Students will use figurative language, ask and answer questions, and describe character traits.

Phonics: Students will read and spell words that have the long e sound spelled with ea/ee.

Grammar: Students will identify pronouns.

Writing: Students will write a personal essay.

Math: Students will create two-dimensional shapes based on given attributes, including number of sides and vertices. They will also classify and sort polygons with 12 or fewer sides according to attributes, including identifying the number of sides and number of vertices. Students will compose two-dimensional shapes and three-dimensional solids with given properties or attributes. Students will also decompose two-dimensional shapes such as cutting out a square from a rectangle, dividing a shape in half, or partitioning a rectangle into identical triangles and identify the resulting geometric parts.

Science: Students will trace and compare patterns of movement of objects such as sliding, rolling, and spinning over time.

Social Studies: Students will identify selected patriotic songs, including "The Star Spangled Banner" and "America the Beautiful". Create written and visual material such as stories, poems, maps, and graphic organizers to express ideas.
